DIMENSION SUITE DONOR 1.0

**POWERFUL, CUSTOMIZABLE AND EFFECTIVE
TOOL TO HELP YOUR ORGANIZATION MANAGE
FUNDRAISING ENDEAVOURS.**

Empower your team to optimize your fundraising activities.
Designed to minimize the learning curve.

Donor at-a-Glance

On Demand Donor Profile

No need for special reports or update. With every transaction, the donor profile is updated and displayed on the side for your review.

On Demand History

Check the contribution history of the donor by a simple click.

Customizable Funds

Decide on the naming of the funds to be used. Whether taxable or not and the accounting number linked to it. Control the fund structure in various grouping.

Search with Ease

Unlimited search capabilities at your finger tips.

Export to Excel

Use the power of Excel to further your analysis.

Export to PDF

Share your reports easily and securely by e-mail and over the internet.

Email Report

Easy way of share your reports.

Share on a Network

Enhance your collaboration power of risk management.

Stay on Top of Fundraising Campaigns

By helping you manage your receipts, you can focus on successful campaigns. The system is built with 15 years of experience supporting Non-for-Profit NGOs and observing how you work. No need to print special reports to see the status of your campaign. Status is updated dynamically and made constantly available for quick review.

Stay on Top of Fundraising Accountings

There are many tools to ensure that you are constantly in control of the fundraising accounting process. Set your own groups, categories and type of funds. Split a donation in multiple funds. Track deposits by summary, by fund or by batch number. Customize the system to work the way you do.

Optimize Fundraising Efforts

Donor will be your preferred tool to stay close to your donors and to understand their giving history and behavior. The closer you are, the better you plan effective and efficient fundraising campaigns.

Avoid the Tax Receipts Nightmare

Whether you issue a tax receipt per transaction, or yearly basis, and whether you mail tax receipts or email them, Donor will take care of it. No need to worry about duplicates or cancelled receipts, the system will manage it for you.

12. All Dimension Suite Solutions can be customized into powerful iPhone compatible solutions. We will work with you to deliver the perfect solution for your organization.

Dimension Suite Products are built using the FileMaker Pro database engine.

FEATURES HIGHLIGHTS

Feature	Description	Benefits
Instant Access to Campaign Information	Update on the fly your campaign dashboard with every donation transaction. Visual graphic display on real time basis the target and the raised amounts.	Pro-act and stay constantly informed on the results of your efforts. Do the necessary and timely change to meet your target.
Integrate Donor with Your Accounting System	Each donation can be allocated to an account number with four segments pre-set to interface your donation transactions with your accounting.	Minimize accounting entries by exporting donation payments in details or in summary. Import information directly into your accounting system. (If you need a script to automate the process, we can help.)
Acknowledge Donations Instantly	Whether for one donor or for a group of donors, use email or letter templates to create professional acknowledgment and attach your receipt.	Donors will appreciate the quick and professional recognition of their giving. Also it reflects on your image as well planned and streamlined organization.
Split Donation in Multiple Funds	Each donation can be split in as many funds as you require. Multiple donations can be grouped in one transaction.	Avoid issuing multiple receipts for same donation. Allocate directly the donation to the appropriate fund.
Controlled Editing of Transactions	A transaction must be closed before issuing a receipt. Once closed, no editing is allowed. Once a receipt is issued the transaction can be voided but not deleted. Special access privilege is required to reopen a closed transaction for editing. Several transactions can be closed simultaneously.	Gives you maximum control of the donation transactions and the receipt process. Better control for your cash deposits and business rules.
Customizable Donor Profile	Customize field headers and drop down values to profile, group and categorize your donor's profile.	Make Donor an extension of your environment. Create screens users can identify and understand with.

Dimension Suite Products are built using the FileMaker Pro database engine.

FEATURES HIGHLIGHTS (CON'T)

Feature	Description	Benefits
Automatically Generate Regular and Tax Receipts	Whether on demand or on yearly basis, generate your receipts accurately. If you issued a tax receipt during the year, don't worry, the system will ensure it's omitted in the yearly run. As per tax requirements a new number is generated for a replacement tax receipt.	Improve control of the receipt process and enhance your tax statement printing. Issue your tax receipts accurately and on timely basis.
User-Defined Donations Types and Groups	Preset your donations group and types to be compatible with your environment. Set, if required, a default amount for the donation.	Speed your data entry and promote consistent and streamlined workflow.
Instant Access to Donor information	You have instant access to Donor maximum and minimum donation, frequency, the last amount and the date donated. Historical donation will give you all the required details.	Stay close to your donor. Detect changes in giving pattern; history can explain present and future behavior of your donor. Create more focused and targeted donation campaigns.
Decide What's Taxable and What's Not	Set the tax rule for each donation. Taxable donations are eligible for a tax receipt. Only a regular receipt can be issued for non-taxable donations.	Manage your taxable and non-taxable donations in the same transaction. Ensure that only taxable donations are included in your tax receipt.
Batch Processing of Your Transactions	Set the system to automatically or manually generate a batch number for each transaction.	Easily group your transaction by date, canvasser or data entry person to enhance control and audit of your transactions.

Dimension Suite Products are built using the FileMaker Pro database engine.
